Tranquility Wellness Spa Team

Tina Keck is a licensed cosmetologist and specializes in shampoo sets, cuts, and perms. She has been in the business for 40+ years and has been at OMM for 30 years. Tina was born in Michigan City, Indiana. Her family (which consisted of her Dad/Mom, 2 siblings and several pets) moved to Tulsa when she was almost 12 years old...so she is pretty much an "Okie" now. She attended private school for a couple years then begged her parents to let her go to Will Rogers H.S. where she graduated from in 1979. She took Cosmetology her Junior and Senior year as a Vo-Tech class and got her cosmetology license by the time she graduated.

She has 2 grown sons (that she is very proud of), one in California and the other in Tulsa. They are both married and have blessed her with 5 beautiful grandchildren...3 girls and 2 boys! Tina enjoys spending time with her family, gardening and working around the house. She also enjoys motorcycling and has a HD Softail Deluxe and belongs to a riding group and enjoys getting together with them as much as possible. There is nothing like getting your knees in the breeze!

Brandee Crawford is a licensed Nail Technician and has been in the business for over 30 years, with 3 years being at OMM. Brandee offers manicures, pedicures, and nail trimming services.

She was born in Lubbock, Texas but was raised in Tulsa. She is a single mother with 2 sons in college and a daughter who has graduated college. Brandee has an identical twin sister, who is also in the beauty business. Their late grandmother owned a facial/derma care shop and throughout her childhood, they would go the shop and spend hours there. They enjoyed spending time with their grandmother, as well as being able to experience what the beauty care business has to offer. During high school, she went to school during the day, then beauty college at night and on weekends. She graduated high school and beauty college at the same time in 1990. She loves watching some good old football, Boomer Sooner baby! She is very family-oriented, with family being the most important thing in her life. She also enjoys playing games, with solitaire and bunco being her favorites.

Tranquility Wellness Spa Team

Chasity Ullrich is a licensed cosmetologist and specializes in color, highlights, sets, cuts, and hair removal. She was born in Garland, TX and raised in Bartlesville, OK. She graduated cosmetology school at Paul Mitchell School of Dallas in 2007. Of her 13 years of doing hair, 8 of them have been at OMM. Before coming to OMM, Chasity worked at Jade Salon in the Dallas area and got the privilege of being able to be a part of opening the Paul Mitchell School in San Antonio. She has also done hair and makeup for the Dallas Performing Arts Center.

She is married to her husband Craig and has two very smart and beautiful daughter named Alexis and Ashtyn. On her off time, she has 10 extra children that call her "Coach Chasity". She has been coaching softball to this great group of girls for 7 years. She prides herself on giving 110% in everything she does whether this is being a mom, wife, hairdresser, or coach. She says its dedication some just say she is OCD, wither way she would not change a thing.

Tasha Anderson is a Licensed Massage Therapist and has been in this industry 6 amazing years and it is truly her passion! She has earned several continuing education hours and certifications in various massage modalities, including but not limited to Deep Tissue Massage and Cupping.

Her other passions include her fiancé and her daughters Caidence and Camiah. Some Core values that she holds most dearly is always putting God and her family first and striving every single day to be better than the last, and not wasting a single day that she has been blessed with.

In her earlier years she thought that her calling was to be a lawyer. She could argue any and every case you can think of! Her brother, father, and especially mother did not really care for that talent very well! However somewhere along the years she found that massage was her true calling, and she has never looked back. She believes she was put on this earth to help others, and if she does nothing else this will forever make her feel complete.
