## Bargain Basement:

The Bargain Basement will be open on October 7th and 21st from

11:30 a.m. to 3:30 p.m.

**Please remember that if you invite a guest to shop at the Bargain Basement you must accompany them.**

## Recycling Reminders:

Please do not recycle aluminum foil. Aluminum foils are made of a lighter gauge aluminum which means there is no usable material when the foil is melted. Aluminum foil goes in the trash!

Please do not recycle the rings that hold your 6-pack cans together. These should go in the trash!

## Employee Appreciation Committee Needs Your Help!

2-4-6-8! WHO DO WE APPRECIATE?

TRINITY WOODS EMPLOYEES! THAT'S WHO!

Remember that old cheer? As we near the season of gratitude, we ask members to stop and think about those who serve us. The employees have been here for us and it's time to be there for them. Rollie and I are chairing the Employee Appreciate Campaign again this year and we need your help. If you want to be part of the committee, let us know. We will solicit funds and help plan the party that gives out the Christmas bonuses. Join us as we honor those who serve us in this great community!

# Important Security Reminder:

The doors of Crestwood are open from 8:00 a.m. – 4:30 p.m. every day.

Once the doors lock at 4:30 p.m. it is important for the safety of all Members that visitors be required to call Security in order to gain access to the building. Trinity Woods asks that members not open the doors for anyone that they do not know personally. There is a phone and Security's phone number posted for visitors to use to call Security and gain access to the building.

## Elevator Etiquette - 7 Ways to be Courteous

1. **Wait for people to Exit** - Stand clear of the doors as you are waiting for the elevator to arrive. Don't stand right in front of them; you don't know who needs to get out when they open.
2. **Where to Stand** - It is a polite gesture to ride at the back of the elevator especially if you are riding to the top or the bottom floor.
3. **Pay Attention to Elevator Direction** - If you are trying to go up, it doesn't do much good to hop on an elevator going down especially if the elevator is already crowded.
4. **Use Common Sense When Pressing Buttons** - Don't shove someone aside or reach through three people to push the button. Simply say, "could you press 3 please?" to the person nearest the button panel.
5. **Manage Personal Belongings Considerately** - Be cognizant of how baggage or other items you are carrying or pushing might change personal space requirements. Keep your belongings as close to you as possible.
6. **Keep Noise Down** - Speak in a soft voice and avoid using your cell phone while on the elevator.
7. **Be Polite When Getting Off a Crowded Elevator** - Simply say, "This is my floor". Then wait for people to clear a way for you before stepping off of the elevator.
